

## CARIBBEAN FEELING FOR EVERY SKIN TYPE

With TAN MAXXIMIZER, the 3-Star Line, you land right in the heart of the Caribbean: all four pre-sun products are considered tan-intensifying lotions – with or without direct-tanning effect, and with variations in the fragrance experience as well. Either as a delicate caramel variation or with a fruity, mango character.

The After Sun Lotion presents itself with a spritzer of invigorating citrus fragrance.
